Mr. Drew having been born in Danville Jan. 10, 1822, and Mrs. Drew in Hardwick, Sept. 16, 1827.

The many friends in St. Johnsbury and Danville will be interested to learn that Lewis F. Carr of Springfield, Mass., has consented to be the republican candidate for mayor in the coming municipal election. Mr. Carr is one of the best known young business men of Springfield and if nominated and elected will make an efficient mayor.

The many St. Johnsbury friends of Ashton R. Willard will be interested to learn that Longmans, Green & Co. have just published his new book entitled "The Land of the Latins." It is a delightful account of the various aspects of Italian life as Mr. Willard has seen it in his numerous journeys there, and contains 11 illustrations from photographs.

Readers of the Outlook were pleased to find in the November 1st number an interesting account of an artist's impressions in Malta. Among the illustrations was one of Henry L. Clapp's villa. Mr. Clapp and his family are now back in Malta, having recently been especially honored by a private interview with His Holiness, Pope Leo XIII, at the Vatican in Rome.

Charles Fassett of this place and Miss Carrie M. Fletcher of Lyndonville, were quietly married at her home, Thursday afternoon, by Rev. J. C. Bodwell. The bride is well known here as she has done dressmaking for several years, making her home here most of the time and Mr. Fassett has lived here for some time and is also well and favorably known. A Grand Pageant.

The brilliant and gorgeous effect which will be produced by the decorations used for the carnival, Dec. 11 to 13, will form a most attractive and pleasing feature of this big production. George N. Beals, the manager of the Boston Decorating Co., which furnishes all the decorations used in this spectacle, is no stranger to St. Johnsbury people, having decorated the Armory and Music Hall many times in years past for balls and social events.

The material used to present the spectacular arrangement of the Congress of Nations are of the very finest quality, and have been selected especially for each national booth. One of the most attractive national booths will be the "Russian National Cafe," at which dainty meals will be served on the European plan each day from 5 to 10 p. m., and the bill of fare will be very tempting.

In the "United States" booth a demonstrator will make all kinds of candy, and offer for sale the most extensive line of sweet goods imaginable.

The Japanese nation will furnish a distinct novelty in the form of a wonderful pond containing great treasures, which can only be secured by the aid of a book and line, and all anglers can feel sure of getting fish out of this pond. These are but a few features connected with the enterprise, and more real pleasure and fun awaits the people than any one can imagine. Don't forget the date, Dec. 11, 12 and 13.

## Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
